BREAK THE CHAIN

PROJECT RESULT 3: DYMAMIC DEMOSTRATOR

Infographic #3
March 2024

WHAT'S INSIDE THE DYNAMIC DEMOSTRATOR?

It is an **interactive learning system** with practical real-life scenarios to better understand the concept of fake news and disinformation.

- **Seven topics available:** Disinformation threats; Disinformation techniques and tricks; Stereotypes and confirmation bias; Opinion versus Facts; Chain mails; Social sites and artificial intelligence; Photomontage and photomanipulation.

- **Real Life Scenarios** where you will face the challenges posed by fake news and misinformation.

KEY FEATURES

- **Interactive tool** that shows real interactive scenarios to improve the understanding of the concepts of fake news and disinformation.

- **Situations** are presented in a visual form along with a question and users have to choose between several answers.

- **Feedback** appears immediately so that users understand the concept behind the answers.

- **The scenarios and simulations have been carefully designed with the needs of the students in mind.**

INNOVATION AT YOUR FINGERTIPS

- **The demonstrator** empowers you to choose scenarios that fit your needs.

- You will be able to **easily interact** with the scenarios with which you are most familiar.

IMPACT THAT MATTERS

- **Interactive** method to learn more about fake news and disinformation.

- **Memorization tool** to test the acquired knowledge in an entertaining and enjoyable way.

TRANSFERABILITY AND ACCESS FOR EVERYONE

- Accessible from any device with an Internet connection.

- No installation required - access from the Break the Chain website.
